LIFE AND  LUXURY  
LIFE ENHANCING EXPERIENCES

## Support social enterprises, empowerment and employment projects...

Life & Luxury is always on the look out for well run social enterprises and projects focused on empowering and employing the sector of the population currently in poverty, through the creation of crafts & products.

Our aim is to give these projects a voice and bring their products to clients who will appreciate the level of craftsmanship, passion and hard work put into them, as well as understand the difference they are making by purchasing their products.

From our side, thank you for your interest in making a difference through purchasing gifting!

We will be able to supply you with further information about each project should you be interested.

## Please note:

- Due to the location of some of the projects we work with, and the level of work that goes into each piece, some of the products will need a longer lead time.
- Please check with us, as this varies greatly for each project and per request – e.g. a tailor made request will take a little longer than a request for product in stock already.
- Further information about who specifically made each product and about the project can be supplied at time of interest or order.
- Tailor made requests can be made which might include specific colours chosen, branding, sizes, and any other preferences you may have.
- Most pieces are each unique due to the hand made nature of the products.
- Quotes will be given per each request, as prices change based on quantity or order, lead time given and specifics of order. E.g. any changes to the product.
- 50% deposits are needed in order to put in your order, full payment on delivery.

# RECYCLED GLASS FROM SWAZILAND

\*Job creation, recycling waste & empowerment project – skill teaching

\*Project based in Swaziland

\*Products made from recycled glass

Communities are encouraged to collect glass from rubbish dumps and assist in clean ups, and get paid for what they bring to the project.

The skill is taught to new crafters as the project grows, and therefore supports families who were previously struggling due to unemployment.

Every piece is hand blown and hand made – so each piece is unique.

4 to 6 week deliver times can be incurred, depending on whether the product is in stock or not.

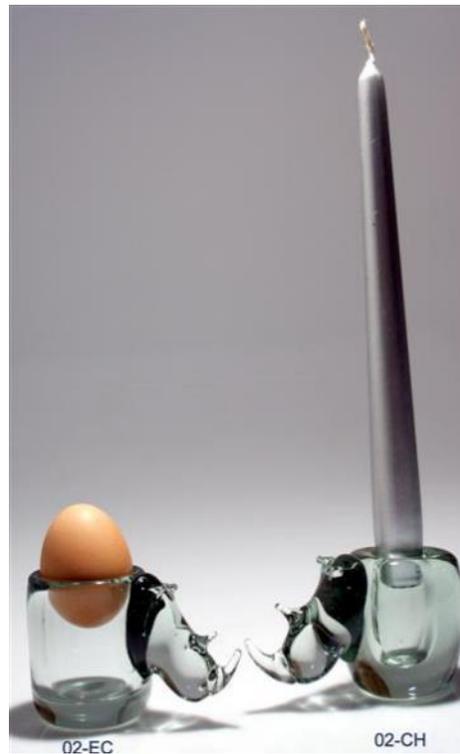

\*Many different animals available for each product type.  
Products: *Paperweights, Animals, Vegetables, Vases, Candles, Napkin rings, Book stops, Platters, Gifts, Glasses, etc:*

**\*Complete glass catalogues available on request.**
